GOLDEN RULE NUMBER 5: Finalize details with client.

Prerequisites

Correct Unknown Issues That Need Attention For Settlement!

Objectives

Obtainable with asymmetry information by the proper authorized representative.

Definitions

Pursuant to Electronics Signatures In Global And National Commerce that states in part, (d)RETENTION OF CONTRACTS AND RECORDS (1)ACCURACY AND ACCESSIBILITY If a statute, regulation, or other rule of law requires that a contract or other record relating to a transaction in or affecting interstate or foreign commerce be retained, that requirement is met by retaining an electronic record of the information in the contract or other record that (A) accurately reflects the information set forth in the contract or other record; and (B) remains accessible to all persons who are entitled to access by statute, regulation, or rule of law, for the period required by such statute, regulation, or rule of law, in a form that is capable of being accurately reproduced for later reference, whether by transmission, printing, or otherwise..

No money shall be drawn from any treasury, but in consequence of appropriations made by contract agreements or trust held for other purposes. Govermental agencies or instrumentalities are not under statutory or regulatory compliance to notify Individuals when third parties operational procedures cause unexpected events not in the Individuals interest. Asymmetric information, also known as "information failure," occurs when one party to an economic transaction possesses greater material knowledge than the other party. All commerce moves by contract unless there not one in place then items are warehoused until a contract is in place for release of warehouse items.

1. Memorandum of Understanding (MOU): A memorandum of understanding (MOU) is an agreement between two parties that is not legally binding, but which outlines the responsibilities of each party in the agreement.
2. Information Asymmetry: Where one party has more information or better information than the other party.
3. Matching Convention: Apply to derivatives such as options, futures, and swaps, as well as debt securities like bonds or notes. They can also include other financial products such as commodities and currencies.
4. Lazarus Project: Research based on Securities and Exchange Commission other publications and tedious agencies research.

5. Security interest: The term ``security interest'' means any interest in property acquired by contract for the purpose of securing payment or performance of an obligation or indemnifying against loss or liability.

6. SUMMARY OF PERFECTED CLAIM: Justify a refund, upon claim, leave no doubt as to legal ownership of the funds, and identify a named individual, business, or other entity with the item.
